## VIRGINIA MAYOR VICTIM OF MOB.

A. H. Bousman Assassinated At Ridgeway As He Lay In Hammock.

Ridgeway, Va., July 25.—Mayor A. H. Bousman was assassinated by a dynamite bomb which was thrown last evening. He died an hour after the explosion. No clue to the identity of the murderer or the cause of the crime has been found.

Mayor Bousman had been spending the hot evening sleeping in a hammock swung between two trees on the lawn in front of his residence. Without a word of warning at about 10 o'clock, the dynamite bomb was thrown by some one passing along the street. It landed in the hammock at his feet and in another instant exploded. The Mayor's feet were torn away by the bursting shell, and his legs frightfully mutilated. In great agony he died an hour later.

Although the town authorities, when notified of the murder, made every effort to discover the assassin, no clue could be found and it is believed he escaped without being seen by anyone. The news quickly spread about town and excitement grew to a high pitch.

As Mayor of Ridgeway, Mr. Bousman presided over the Police Court of the town, trying petty cases. It is thought that some person upon whom Bousman in his court had passed sentence of punishment held a grudge against him and had been awaiting an opportunity to wreak violence.

The terrific report attracted many persons, but the excitement was so great that apparently no one thought to search for the assassin until he had made his escape.

## LINDSAY NOT HELD.

Made Case of Self Defense in Shooting Henderson.

The examining trial of Arthur Lindsay, charged with shooting Sam T. Henderson, was held Tuesday before Judge Wood and the defendant was discharged. He made out a case of self-defense. Lindsay was, however, held on a charge of carrying a concealed deadly weapon and to this charge entered a plea of guilty and gave a replevin bond for \$27.50, the amount of the fine and costs.

Henderson has about recovered from his wound.

## LIGHTNING'S COSTLY WORK

Dwelling at Crofton Struck and Occupants Were Injured.

## MORE SUMMER STORMS

Aged Lady Hit by Flying Timber and Badly Hurt At Same Time.

The residence of Mr. I. N. Long at Crofton, was badly damaged by lightning which struck and demolished one of the chimneys of the building. Mr. Long was standing on the front porch when the bolt descended and was knocked down and badly shocked. His little grandson, who was standing near, was also shocked. Mrs. Long suffered the most serious injury. One of the corner posts of the porch was torn away and the timber struck her. She was knocked down, and, besides being shocked by lightning, was painfully hurt. Mrs. Long is still suffering from the effects of her injuries.

## Lightning Destroys A Barn.

Clarksville, July 26.—The stock barn of Dudley Taylor, located on the Russellville Pike, several miles from the city, was destroyed Sunday, having been set on fire by a bolt of lightning. In the barn were about ten tons of hay and all of the farm harness and implements. There was no insurance, and the loss was total, amounting to about \$500.

Munroe, La., July 25.—Unidentified men broke into the city jail here early today and carried off Lamar Porter, a negro woman prisoner, keeper of a resort where white men are reported to have been robbed on several occasions. ## IDENTITY OF THE PRISONER

Former Naval Officer Held on Charge of Desertion Is a Kentuckian.

New York, July 26.—The identity of the former naval officer who is held at Castle Williams, on Governor's island, to await trial on a charge of desertion from the army, in which he had enlisted as a private after resigning from the navy, was disclosed today by officers of the department of the east as Clarence E. Landram, of Kentucky, once an ensign in the navy.

The records show that Landram disappeared from Fortress Monroe last March and surrendered the following April.

His friends in Louisville and Washington represented to the war department that his erratic actions would tend to show that he was not responsible.

Accordingly a medical board has been appointed to investigate the case and is still sitting. Its findings will be sent to Washington and will be made public there.

## DAY OF TRAGEDIES.

Central City Excited Over Three Railroad Killings.

Central City, Ky., July 25.—This has been a day of tragedies in Central City. At 1 o'clock this morning Charles Martin, the colored barber, who five hours before, while riding on the blind baggage from Greenville and attempting to jump off at the freight station of the Illinois Central on the east side of the Greenville road, and had part of his head and right arm ground off, died in great agony.

His remains had scarcely left town until young Joseph Dougherty, car inspector and repairer, had his head cut off in the Illinois Central yards of this city.

Just as his body was being carried to the undertaking establishment a telegram was received announcing that Kennedy Mains, the nineteen-year-old son of John T. Mains, of Rander, former President of the United Mine Works of America, had been ground to pulp by the fast freight, No. 52, bound for Louisville.
